Everyone deserves a voice.

What do we do?

Our Speech Therapy program gives children the tools they need to communicate thoughts, needs, ideas and feelings with others. We help children age 18 months to 18 years through private speech therapy and a toddler preschool based classroom. For toddlers we also do a Kindergarten readiness assessment to make sure they are ready for the next step.

Our Vision

A non-profit organization that assists persons to achieve his/her fullest educational and/or functional potential in order to achieve or maintain the highest quality of living. The Center depends upon the support of our community to provide programs that are relevant to the needs of children with speech and language delays, seniors and their community caregivers, the disabled or disadvantaged, and our community as a whole.

Our Mission

Our Mission is to assist youth and adults to reach their fullest potential through educational programs and functional support.
